We hereby declare that:

Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior art(s) and/or declaration(s) submitted in this application, arose without my deceptive intention on the part of the applicant. We acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

**WARNING:**  
Patent applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-333 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, patent applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Patent applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.273a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Check and credit card authorization forms PTO-333 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

We hereby declare that all statements made herein of my own knowledge are true and that all statements made as information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like are made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
